A SELECTION OF THIS WEEK'S PRACTICE COMMENTS

Extraordinary number of visits, exceptional demand, some unplanned absence. We reached full capacity and saw 30+ extras but referred patients to 111 and local urgent care.

Two trainee doctors sick on Monday and an increased demand. Also the extra letters from ELHT adds to practice pressures and frustration.

GPAS CHANGE SINCE LAST SITREP

	Last Week	This Week	Trend	Note
Blackpool			→	
Fylde & Wyre			→	
Morecambe Bay			→	
West Lancs			↑	OPEL 2 to OPEL 3
Greater Preston			→	
Chorley & S. Ribble			→	
East Lancs			→	
Blackburn W/Darwen			→	
North Cumbria			→	

A QUICK GUIDE TO THE GPAS STATES

	BLACK	Practice will fail within one month. Urgent system intervention required.
	RED	Sustainable in the short term. Needs system support.
	AMBER	Sustainable in the medium term (6 months max). Probably needs system support.
	GREEN	Fully Sustainable.

LMC NOTE:

Over half of Practices have submitted data this week - thank you to those for providing us with this vital data. We urge Practices that have not sent us their data to please complete the form each week to help us understand the pressures in General Practice so that we can present this to the wider system.

(1) This figure is accurate and is the sum of the list sizes submitting from those Practices registering as amber, Red and Black

(2) This figure is approximate and calculated by using the clinical activity figure for Lancashire & Cumbria multiplied by 5
