

Take Notice

During the Coronavirus Pandemic

Take Notice

To 'take notice' is to be in the present moment, being aware of what is going on around you and how it makes you feel. To 'take notice' is a lot like mindfulness.

You can do this almost anywhere, for example:

- At home
- Whilst walking outside
- On the way to work
- Sitting in the garden

Take notice of:

- What you can hear
- What you can smell
- What you can see
- How you feel
- Your breathing
