# Lancashire & Cumbria LMCs

Tuesday 4<sup>th</sup> February

### **General Practice Alert State (GPAS)**

You can see the latest SitRep results below. Results can also be found <u>on our</u> <u>website</u>.

The data we do not receive prevents us from providing a robust picture of system partners and hinders out efforts to push for more support on your behalf.

We really appreciate you taking the time to help us help you.

<u>Please let us know</u> if you are a Practice Manager and do not receive the GPAS input emails.

If someone at your practice needs to be added to the distribution list please email enquiries@nwlmcs.org.

Submission links are sent out every Tuesday and Wednesday.

Please let us know if you have any questions/ issues

#### LMC Elections Now Open

Each LMC in the Consortium is now holding elections, providing GPs with the opportunity to shape local representation and influence key decisions affecting General Practice. The LMCs play a crucial role in advocating for the profession and ensuring that the voice of General Practice is heard.

We encourage all GPs to engage in this process—whether by standing for election or nominating a peer. Your involvement is essential in strengthening the LMCs ability to represent and support practices effectively.

For more details on the election process and how to get involved, please contact your LMC Secretary:

**National Insurance Contributions - Template letter to MPs** 

We have written a template letter for practices to send to their local MPs regarding the impact of the recent Employers' National Insurance Contribution (NIC) changes on NHS GP practices. As you know, practices have been excluded from employer support on NICs, placing further financial strain on an already struggling sector. Without urgent intervention, this could significantly destabilise General Practice.

We urge all practices to use this letter to highlight these concerns to their MPs and push for immediate government action. You can find the template letter <u>here.</u>

# NCIC Electronic Discharge Summaries - North Cumbria Only

On the 29<sup>th</sup> January, NCIC circulated correspondence to practices regarding historic discharges failures.

The LMC remains concerned about the backlog of electronic discharge summaries and the lack of appropriate funding for practices to process them. We are aware that some practices are being pressured to take on this work "for the good of the patient," but we strongly maintain that general practice cannot continue to absorb the failures of another service without proper resourcing.

We have written to NCIC demanding a clear, written commitment that practices will be appropriately funded and that all clinical risks and liabilities remain with NCIC. We have also called on NCIC to issue a public statement accepting responsibility for this failure, ensuring transparency for patients and protecting practices from undue blame.

Until these assurances are received, the LMC advises that practices should not take on this additional workload.

Please get in touch should you have any questions.

#### **BMA Virtual Rally on Sessional GP Unemployment**

Join the BMA as they unite to tackle the pressing issue of sessional GP unemployment on **Wednesday 12 February, 7.30-9pm**. This is your chance to be part of the conversation, share your voice, and mobilise for change. During the rally, you'll learn about the latest insights on the issues, what the BMA has been doing, updates on GP collective action in England, ways to get involved with your LMC to drive change, and more. Speakers include BMA Chair of the Sessional GPs committee, Chair of GPC England, Co-chairs of the GP registrars committee, and a RCGP representative.

Let's raise our collective voice and demand progress.Together, the BMA will ensure the challenges faced by sessional GPs remain a priority. Gain valuable insights, actionable steps, and learn how the BMA is standing with you. Register <u>here</u>.
