A SELECTION OF THIS WEEK'S PRACTICE COMMENTS

Challenging day yesterday with staff absences due to adverse weather. A number of DNAs and cancellations which will add pressure later in the week when these patients want to rebook. Also usual issues with slow IT system.

SITREP AMBER to ICB for 6/1 - reason was staff clinical and admin shortage, was recovered by locum and LPC support.

Patient demand and weather.

A QUICK GUIDE TO THE GPAS STATES

	BLACK	Practice will fail within one month. Urgent system intervention required.
	RED	Sustainable in the short term. Needs system support.
	AMBER	Sustainable in the medium term (6 months max). Probably needs system support.
	GREEN	Fully Sustainable.

LMC NOTE:

Please continue to share your data with us so that we can ensure the system is aware of any capacity and demand concerns pertaining to General Practice.

(1) This figure is accurate and is the sum of the list sizes submitting from those Practices registering as amber, Red and Black

(2) This figure is approximate and calculated by using the clinical activity figure for Lancashire & Cumbria multiplied by 5
