# A SELECTION OF THIS WEEK’S PRACTICE COMMENTS

Managing but reduced availability as we have sickness in the clinical team.  
The potential loss of the Medicines Optimisation ES, coupled with the increase in employers NI contributions in 2025-26 represents over £120k in lost income/increase costs for this financial year.  
We are having to take a very serious look at our staffing levels and may shortly be considering redundancies.

## GPAS CHANGE SINCE LAST SITREP

	Last SITREP	This Week	Trend	Note
Blackpool	<div></div>	<div>3</div>	➡	
Fylde & Wyre	<div></div>	<div>1</div>	➡	
Morecambe Bay	<div></div>	<div></div>		
West Lancs	<div></div>	<div>3</div>	➡

Chorley & S. Ribble	<div></div>	<div>1</div>		
East Lancs	<div></div>	<div></div>		
Blackburn W/Darwen	Insufficient responses			
North Cumbria	Insufficient responses			

## A QUICK GUIDE TO THE GPAS STATES

BLACK

Practice will fail within one month. Urgent system intervention required.

RED

Sustainable in the short term. Needs system support.

AMBER

Sustainable in the medium term (6 months max). Probably needs system support.

GREEN

Fully Sustainable.

## LMC NOTE:

Please continue to share your data with us so that we can ensure the system is aware of any capacity and demand concerns pertaining to General Practice.

(1) This figure is accurate and is the sum of the list sizes submitting from those Practices registering as amber, Red and Black  
(2) This figure is approximate and calculated by using the clinical activity figure for Lancashire & Cumbria multiplied by 5
