## A SELECTION OF THIS WEEK'S PRACTICE COMMENTS

Quite a lot of staff sickness at present - also increasing demand for this from patients.  
 Reception resource affected last week with shortness and absence - supported by LPC Locum/Hub.  
 GP sickness impacted appointments this week and struggling to get cover.  
 Multiple staff off with viral illness. New Reception starters who need training before they leave!

### A QUICK GUIDE TO THE GPAS STATES

- BLACK** Practice will fail within one month. Urgent system intervention required.
- RED** Sustainable in the short term. Needs system support.
- AMBER** Sustainable in the medium term (6 months max). Probably needs system support.
- GREEN** Fully Sustainable.

### LMC NOTE:

Please continue to share your data with us so that we can ensure the system is aware of any capacity and demand concerns pertaining to General Practice.

(1) This figure is accurate and is the sum of the list sizes submitting from those Practices registering as amber, Red and Black  
 (2) This figure is approximate and calculated by using the clinical activity figure for Lancashire & Cumbria multiplied by 5
