North Cumbria	Insufficient responses			

Blackpool

Fylde & Wyre

Morecambe Bay

West Lancs

Greater Preston

Chorley & S. Ribble

East Lancs

Blackburn W/Darwen

North Cumbria

## A SELECTION OF THIS WEEK’S PRACTICE COMMENTS

Currently have 1 GP partner on phased return from sick leave, and another GP partner who has now been on sick leave for almost 4 weeks and salaried GP on annual leave. The high use of locums is generating additional workload for the remaining partner and salaried GPs as they mostly say come back if no better and see your own GP and also they high number of investigations and referrals they generate is then on the permanent GPs to handle when it returns. Struggling with admin vacancies, and gaps in clinical rota.

### GPAS CHANGE SINCE LAST SITREP

	Last SITREP	This Week	Trend	Note
Blackpool	<div></div>	2	↓	OPEL 3 TO OPEL 2
Fylde & Wyre	<div></div>	2	↑	OPEL 1 TO OPEL 2
Morecambe Bay	<div></div>			
West Lancs	<div></div>	3	→	
Greater Preston	<div></div>	2		
Chorley & S. Ribble	<div></div>			
East Lancs	<div></div>	1	↓	OPEL 2 TO OPEL 1
Blackburn W/Darwen	<div></div>			
North Cumbria	<div></div>			

### A QUICK GUIDE TO THE GPAS STATES

BLACK

Practice will fail within one month. Urgent system intervention required.

RED

Sustainable in the short term. Needs system support.

AMBER

Sustainable in the medium term (6 months max). Probably needs system support.

GREEN

Fully Sustainable.

## LMC NOTE:

Submitting your results is crucial. When we don’t receive your data, it limits our ability to present a strong, accurate picture to system partners. This, in turn, weakens our case when we advocate for more resources and support for your practice.

(1) This figure is accurate and is the sum of the list sizes submitting from those Practices registering as amber, Red and Black  
(2) This figure is approximate and calculated by using the clinical activity figure for Lancashire & Cumbria multiplied by 5
